

PROFESSIONAL INDEMNITY INSURANCE — PROPOSAL FORM

Cover Schedule and Risk Disclosure

Catalonia Coastal Engineering Group S.L. | Ref: PI-ES-2024-0718 | 2024-04-01

1. Policy Schedule

(1) Insured Name?	Catalonia Coastal Engineering Group S.L.
(2) Policy Number?	PI-ES-2024-0718
(3) Date Established?	2015-03-15
(4) Policy Start Date?	2024-04-01
(5) Policy End Date?	2025-04-01
(6) Policy Type?	Claims-Made
(7) Cover Trigger?	First Made and Reported
(8) Territory?	Worldwide excluding USA and Canada
(9) Jurisdiction?	Courts of Barcelona, Spain
(10) Limit of Indemnity?	EUR 5,000,000
(11) Excess / Deductible?	EUR 25,000

Blueprint — Details of Parties to be Insured

1. Provide the full legal names and registered addresses of all entities proposed for cover under this policy, including any subsidiaries or associated practices.	Catalonia Coastal Engineering Group S.L., C/ Consell de Cent 301, 08007 Barcelona, Spain
2. Describe the principal nature of business undertaken by the insured parties, including the range of professional disciplines practised and target client sectors.	A&E Consultancy

Clauses, Conditions and Underwriting Notes

- Clause 1:** Coverage attaches only to professional services declared in this proposal and accepted by underwriting.
- Clause 2:** Dispute resolution and governing law will follow the jurisdiction stated in the final policy schedule.
- Clause 3:** Premium calculation assumes accuracy of declared fees and turnover for the insured activities.
- Clause 4:** Deductible applies each and every claim unless superseded by a specific extension clause.

2. Parties and Risk Overview

Catalonia Coastal Engineering Group S.L. is engaged in A&E Consultancy with primary operations in . Estimated annual turnover is EUR 8,500,000 and professional fees are EUR 7,200,000. Cover is requested on a First Made and Reported basis with retroactive reference date 2019-04-01.

Specialists in coastal protection engineering, port infrastructure design, and maritime structural analysis. Provide advisory services for flood risk management and climate resilience planning.

Type of Business / Profession	A&E Consultancy
-------------------------------	-----------------

Estimated Total Turnover	EUR 8,500,000
Estimated Total Fees	EUR 7,200,000
Main Office Address	C/ Consell de Cent 301, 08007 Barcelona, Spain
Telephone	+34 933 4512290

Blueprint — Details of Parties to be Insured

1. Provide the full legal names and registered addresses of all entities proposed for cover under this policy, including any subsidiaries or associated practices.	The insured parties have maintained continuous professional operations for over five years.
2. Describe the principal nature of business undertaken by the insured parties, including the range of professional disciplines practised and target client sectors.	No other proposing entities are currently insured under separate PI placements.
3. For how long has each proposed insured been conducting their current professional activities? Include any predecessor practice history relevant to continuity of cover.	☐ Material US operations disclosed for underwriting review.

Clauses, Conditions and Underwriting Notes

Clause 1: Duty to maintain quarterly inspections of all computational hydrology models used in client deliverables.
Clause 2: Cover excludes liability arising from coastal erosion predictions made using unapproved climate modeling methodologies.
Clause 3: Professional services definition specifically includes wave impact simulations and sediment transport analysis.

3. Project Details

Clauses, Conditions and Underwriting Notes

Clause 1: Mandatory peer review required for all breakwater structural calculations involving wave heights over 4.5m.
Clause 2: Excludes liability for design modifications made without written client approval exceeding 5% of original specifications.
Clause 3: Marine construction monitoring reports must be filed with underwriters within 14 days of project milestone completions.

Blueprint — Project Details

6. Provide the full name, geographic location, and brief technical description of the project for which cover is sought.	Project: Barcelona Port Expansion and Seawall Reinforcement Project at Port of Barcelona, Spain.
7. Identify the Principal, Developer, or Funding Agency for this project. Confirm whether a contract award letter or signed appointment has been received.	Port de Barcelona Authority
8. Provide a comprehensive description of the project scope, including principal design disciplines, estimated construction cost, and key deliverables expected from the insured parties.	Design and supervision of 2.8km reinforced concrete seawall with wave energy dissipation system. Includes dredging impact assessment and navigation channel realignment engineering.

Project Name	Barcelona Port Expansion and Seawall Reinforcement Project
Project Location	Port of Barcelona, Spain

Project Type	Port Infrastructure Development
Estimated Contract Value	EUR 150,000,000
Fee Basis	Percentage of Construction Cost (1.8%)

Blueprint — Project Schedule

12. Provide a phased project timeline showing commencement, key design freeze milestones, construction start, and anticipated practical completion dates.

Timeline and defects liability periods are summarized in the table below.

Project Phase	Start Date	Planned Completion
Concept and Preliminary Design	2024-04-01	2024-06-05
Detailed Design and Approvals	2024-06-06	2024-08-06
Construction Supervision	2024-08-07	2024-11-24
Defects Liability Monitoring	2024-11-25	2026-04-01

Blueprint — Professional Activities

15. Prepare a detailed schedule of all professional activities to be undertaken by the insured parties. For each activity line, provide: (a) activity description, (b) responsible discipline, (c) estimated gross professional fees, (d) fees to be subcontracted to third parties, and (e) principal liability exposure.

Professional activities and fee split are listed below.

Activity Description	Total Gross Fees	Fees Subcontracted
Concept Design Advisory	EUR 1,656,000	EUR 458,661
Detailed Structural Design	EUR 648,000	EUR 141,063
MEP Interface Coordination	EUR 936,000	EUR 192,303
Regulatory Compliance Documentation	EUR 648,000	EUR 64,003
Tender and Procurement Support	EUR 648,000	EUR 173,482
Site Technical Queries	EUR 792,000	EUR 122,026
Design Change Reviews	EUR 504,000	EUR 70,285
Value Engineering Workshops	EUR 648,000	EUR 100,741
Quality Assurance Audits	EUR 360,000	EUR 90,481
Final Technical Handover	EUR 432,000	EUR 89,779

Blueprint Section VI - Split of Project Areas

Service Category	Turnover/Fee Split
Design	22%
Project Management	30%
Supervision	28%
Technical Advisory	20%

Blueprint Section VII - Scope of Responsibilities

Responsibility Area	Exposure Allocation
Civil	21%
Structural	23%
MEP	17%
Commercial	18%
HSE and QA	21%

4. Requested Limits and Excess

Blueprint — Limits and Self-Insured Excess

26. What limit of indemnity is requested? Provide the rationale: consider the project construction value, contractual liability cap, foreseeable maximum loss scenario, and regulatory or client-driven minimum requirements.

Requested limit aligns with project value and complexity with protection for design liability tails.

27. What level of self-insured excess (retention) is acceptable? State whether the excess applies per claim or per occurrence, and on an annual aggregate basis or otherwise.

Retention is set to balance claim frequency, cashflow tolerance, and insurer appetite.

Clauses, Conditions and Underwriting Notes

Clause 1: Limits are considered in relation to project value, role complexity, and foreseeable aggregation scenarios.

Clause 2: Coverage assumptions in this section are provisional until final policy wording is endorsed.

Clause 3: Defence costs treatment follows wording basis and may be in addition to or inclusive of limits.

Clause 4: Sub-limits and aggregates may apply to selected extensions and should be reviewed before placement.

What limit of indemnity has the proposer requested?

EUR 5,000,000

What is the annual aggregate limit for all claims combined?

EUR 5,000,000

What is the maximum indemnity payable for any single claim?

EUR 2,500,000

On what basis is the excess or deductible applied?

Per claim

What retroactive period or limit has been requested?

Full Prior Acts Coverage

5. Extensions and Endorsements

Extension	Selected	Sub-limit	Deductible
Loss Of Documents	[X]	EUR 250,000	EUR 5,000
Dishonesty Of Employees	[]	EUR 0	EUR 0
Vicarious Liability Sub Consultants	[X]	EUR 0	EUR 0
Regulatory Investigation Costs	[X]	EUR 150,000	EUR 10,000

Extension	Selected	Sub-limit	Deductible
Run Off Cover	[X]	EUR 0	EUR 0
Pr Crisis Management Costs	[]	EUR 0	EUR 0

Clauses, Conditions and Underwriting Notes

Clause 1: Regulatory investigation costs sub-limit reduces proportionally with any claims payments under core coverage.
Clause 2: Run-off protection applies only if insured ceases all trading activities and provides 90 days' notice prior to policy expiration.
Clause 3: Loss of documents cover limited to physical records only - excludes digital data recovery costs beyond €50,000 per incident.

Clause and Endorsement Matrix

Clause	Status
Cost Inclusive Clause	[X]
Retroactive Cover Clause	[]
Change In Risk Clause	[X]
Professional Services Definition	[X]

6. Claims and Circumstances

Blueprint — Claims and Circumstances

20. Has the insured made, received, or anticipates any Professional Indemnity claims or circumstances that could give rise to a claim in the past five years? [] Yes [] No. If yes, provide for each: project name, date of notification, identity of claimant, nature of alleged error, financial quantum, current status, and insurer contribution to date.	[] Claims/circumstances notification status captured. One precautionary notification in 2022 regarding design coordination; closed without indemnity payment.
---	--

Project	Date	Allegation	Outcome
Barcelona Port Expansion and Seawall Reinforcement Project	2024-04-01	Design coordination issue	No indemnity payment / under review

Clauses, Conditions and Underwriting Notes

Clause 1: Settlement authority, without-prejudice communications, and defence appointment protocols must be observed.
Clause 2: Root-cause tracking and corrective action logs are expected for recurring technical risk themes.
Clause 3: Historic matters must disclose indemnity contributions, defence spend, and operational lessons learned.
Clause 4: Reservation of rights and cooperation obligations apply throughout investigation and defence.

7. Current and Previous Insurance

Blueprint — Current and Previous Insurance

22. Does the proposing company currently maintain Professional Indemnity Insurance? [] Yes [] No.	[X] Current PI program is in force.
23. If yes, provide current insurer name, policy number, limit of indemnity, excess/deductible amount, retroactive date, and policy expiry.	Coverage has been placed with regional and international carriers over prior terms.

24. Has the proposing company previously held PI Insurance with other insurers in the past five years? If yes, provide insurer names, policy periods, and any special terms, endorsements, or exclusions imposed.

No material adverse ownership or discipline changes were identified.

(1) Retroactive Date?	2019-04-01
(2) Requested Retroactive Limit?	Full Prior Acts Coverage
(3) Policy Wording?	Lloyd's PRO 2020 Standard PI Wording

Clauses, Conditions and Underwriting Notes

- Clause 1:** Changes in ownership, leadership, or discipline mix may require revised underwriting assessment.
- Clause 2:** Coverage migration between insurers should preserve retroactive continuity where contractually required.
- Clause 3:** Representations in this section are material to underwriting acceptance and pricing assumptions.
- Clause 4:** Any cancellation, non-renewal, or special terms imposed by prior insurers must be disclosed.

8. Declaration and Sign-Off

Blueprint — Declaration and Acknowledgments

I/We declare and acknowledge that the information provided in this proposal form is accurate, complete, and truthful to the best of my/our knowledge and belief. I/We understand that Professional Indemnity Insurance is placed on the basis of utmost good faith, and that any material misstatement, misrepresentation, or omission may render the policy voidable and result in denial of any claim.

The proposer confirms full and fair disclosure and acknowledges duty of utmost good faith.

The proposer confirms the information provided is true and complete to the best of their knowledge. Coverage is subject to policy wording, limits, deductibles, and all underwriting terms and conditions.

Authorized Signatory	Catalonia Coastal Engineering Group S.L.
Date	2026-05-18

Clauses, Conditions and Underwriting Notes

- Clause 1:** Insurer reliance is placed on the truthfulness of all statements, tables, and supporting documents.
- Clause 2:** Any omission or misrepresentation of material fact may impact policy validity and claims response.
- Clause 3:** The signatory confirms authority to bind the proposer and accuracy of submitted information.
- Clause 4:** The proposer acknowledges duty of fair presentation and continuing disclosure obligations.

Supplementary Section 9 - Project Schedule

Clauses, Conditions and Underwriting Notes

- Clause 1:** Defects liability periods should be contract-aligned and evidence-based for professional exposure tails.
- Clause 2:** Coverage inception assumptions rely on declared commencement dates and scope certainty.
- Clause 3:** Extended reporting obligations should be reflected in notification protocols and document retention controls.
- Clause 4:** Milestone slippage affecting design responsibility windows must be recorded in governance registers.

Blueprint — Project Schedule

12. Provide a phased project timeline showing commencement, key design freeze milestones, construction start, and anticipated practical completion dates.

Project programme dates, reporting windows, and defects liability periods are scheduled below.

13. Specify the duration of the defects liability period, any extended reporting obligations, and the date on which the insured's professional duty of care is expected to cease.

Coverage inception aligns with initial professional services commencement and accepted scope.

Phase	Start	Completion	Window
Discovery and Survey	2024-04-01	2024-05-07	Q1
Concept and Design Freeze	2024-05-07	2024-07-19	Q2-Q3
Detailed Design and IFC	2024-07-19	2024-11-06	Q3-Q4
Construction Support	2024-11-06	2025-04-01	Q1-Q3
Defects Liability Oversight	2025-04-02	2026-04-01	12 months

Supplementary Section 10 - Professional Activities

Blueprint — Professional Activities

15. Prepare a detailed schedule of all professional activities to be undertaken by the insured parties. For each activity line, provide: (a) activity description, (b) responsible discipline, (c) estimated gross professional fees, (d) fees to be subcontracted to third parties, and (e) principal liability exposure.

Activity-level fee and subcontracted allocation are detailed to support exposure modelling.

Professional Activity	Gross Fees	Subcontracted	Share
Design Brief Development	EUR 792,000	EUR 199,917	11%
Concept and Schematic Design	EUR 864,000	EUR 242,071	12%
Detailed Design Modelling	EUR 936,000	EUR 267,877	13%
Regulatory Coordination	EUR 504,000	EUR 102,392	7%
Independent Design Checks	EUR 792,000	EUR 178,418	11%
Tender Clarifications	EUR 432,000	EUR 37,366	6%
Contract Administration Support	EUR 648,000	EUR 180,789	9%
Site Technical Supervision	EUR 432,000	EUR 53,515	6%
Commissioning Advisory	EUR 360,000	EUR 65,327	5%
As-Built and Handover	EUR 576,000	EUR 59,204	8%
Post-Completion Technical Support	EUR 432,000	EUR 39,935	6%
Claims/Lessons-Learned Review	EUR 432,000	EUR 86,753	6%

Clauses, Conditions and Underwriting Notes

Clause 1: Activity registers should distinguish advisory, design, and supervision duties for liability mapping.

Clause 2: High-complexity activity lines should include documented peer-review and escalation pathways.

Clause 3: Fee allocations should reflect actual technical effort and discipline-specific exposure concentration.

Clause 4: Material changes in activity mix require underwriting notification and potential pricing adjustment.
